

# RAPACE

"Being sure of my weapon settings in 30 seconds, with discretion and accuracy, makes me feel at ease on the ground and confident in my shot."

"The RAPACE holds every team member's personal settings for his weapons."

# RAPACE Functions

**Boresight:** Hit the target from the first calibration

### Zeroing:

- Register your personal settings
- Retrieve your settings at each measurement

### Set-up:

- Attach the weapon to RAPACE
- Insert the light ammo

### Fill out the software:

- o Type of weapon
- o Weapon Number
- o User ID
- o Type of ammunition
- o Sound reduction

- Launch the measurement
- Align the scoop with the virtual crosshairs
